

# Wilson Faustino

SOFTWARE ENGINEER

## Profile

Over 20 years of experience with the printing industry started in visual communication and signmaking and moving through various printing industry sectors.

I have extensive knowledge of Adobe applications with a special focus on Illustrator, Photoshop, and Indesign.

Extensive experience in pre-press, having worked in service bureaus, managing the pre-press department of two large printing companies in the countryside of São Paulo.

Mastery of preflight and correction tools for closed files: PitStop.

The high development of critical thinking drives me to analyze and identify the best solutions for the problems to be solved.

Currently, my focus is on the constant learning of programming technologies, which helps me a lot to solve daily problems with speed and assertiveness, especially Javascript, which is a technology that permeates the entire web.
